Moriah College invites outstanding individuals to apply for the following position:

Application & Database Analyst

An opportunity has become available to join our IT department as an Application & Database Analyst. This role provides end-user support, the development and implementation of database related software solutions, and the maintenance/modification of the configuration of our College Software platforms. The role requires strong overall technical ability particularly in the database domain.

The successful applicants will have experience in:

- Analysing, diagnosing and resolving software issues.
- Maintaining and developing custom features/solutions for the College using reporting (SQL, SSRS, Crystal) and scripting (Powershell, Python) languages.
- Maintaining the administration of our databases.
- Supporting School software systems (e.g. Synergetic and Schoolbox).
- Working closely with our software vendors, including implementing new releases in order to achieve the best outcomes for the College.
- Running software processes that manage changes throughout the school year timeline.
- Maintaining the configuration and security access control of our College School Systems.
- Developing and supporting all Academic reporting and other data related reporting for the College.

All appointments will be based on merit selection without reference to the religion of applicants.

An empathy with the ethos of our Modern Orthodox Jewish Day School is essential.

Any offer of employment will be subject to background checks and child protection screening.

APPLICATION PROCESS:

To apply for this position, you will need to be an Australian Citizen/Australian Resident/have a current Australian Work Visa.
