

PRIORITY OF OFFER - COMMITMENT DEPOSIT YEAR K

Childs Full Name

**Year commencing
Year K**

I/we understand that:

- Moriah College will confirm if a place is available at least six months prior to my child's proposed commencement date and that should a place be offered, the Commitment Deposit is non refundable nor transferable should I/we decide not to take up the offer.
- On acceptance of the offer, the Commitment Deposit will be fully deducted from the first term's fee in the year of commencement.
- If the College cannot offer us a place, I/we will have the choice of having the Commitment Deposit refunded in full within 28 working days or retaining the deposit by the College to maintain my child's place on the wait list.
- If the College offers a place for entry into Year K and you wish to defer, the place needs to be taken up within two years of the offer in order for the Commitment Deposit to be deducted from the first term's fees.
- If the deferred place is not taken up within the two year period, the student's place will be lost and a new application for deferral will need to be made with a new date of deferral (rather than at the date of original application). For further information please visit www.moriah.nsw.edu.au/privacy-policies to view the College's Enrollment Policy.
- I/we enclose payment details for the **\$3000 Commitment Deposit** which can be paid in full or in four monthly installments.
