COMPLAINTS AND GRIEVANCE POLICY & PROCEDURES

1. BACKGROUND

This Complaints and Grievance Policy & Procedures (**Policy**) is to be read in conjunction with:

- the College Ethos which can be accessed [here](#); and
- the Code of Conduct - [Parents and Students](#); and
- the Code of Conduct - [Staff](#),

both of which Codes set out expected behaviours of parents, students and staff at Moriah College (**College**) and can be accessed at the links above.

3. Informal complaints or grievances are dealt with by the College by the application of common sense.

3. INTRODUCTION

Policy Statement

The purpose of this Policy is to provide a framework for the effective management of complaints lodged by students, parents or staff (but not directed towards another staff member).

The aim of this Policy is to:

- provide an efficient, open, transparent and accessible mechanism for addressing complaints, relevant to this Policy, in accordance with the principles of natural justice;
- promote fairness towards both complainants and respondents in the process of dealing with complaints;
- enhance the relationship of parents and students, with Staff and the College; and
- Where relevant, rectify processes and procedures arising from a valid complaint through the College's continual improvement process.

This policy does not apply where a complaint relates to:

- (a) alleged bullying, discrimination, physical assault, harm, harassment or sexual harassment. Such complaint will be made and dealt with in accordance with the relevant College policies and procedures such as the Code of Conduct - Staff, Code of Conduct - Parents and Students and the Anti-Bullying Policies & Procedures;
- (b) the abuse of an enrolled student under 18 years of age and an allegation of sexual abuse or likely sexual abuse, significant harm or unacceptable risk of harm or inappropriate behaviour. Such complaint shall be made and dealt with in accordance with the Child Protection Policy & Procedures;
- (c) a complaint to which the Whistleblower policy applies which will be dealt with in accordance with that policy.

4. THE COMPLAINTS AND GRIEVANCES POLICY & PROCEDURES

The following principles apply both to complainants and respondents:

- anonymous letters or phone-calls will not be acted upon;
- teachers, students and parents, are entitled to raise concerns and make complaints and to have them dealt with within a transparent and clear process;
- consideration will be given to the level of seriousness of the concern/complaint, before beginning the process;
- consideration will also be given to determine the most appropriate member of staff for initial contact within the College;
- all efforts will be made to resolve disputes at the most appropriate level and for all parties to have an opportunity to have their position considered;
- individual cases are considered on their own merits and within the context of the existing policies, procedures and guidelines of the College;
- appropriate confidentiality must be respected by all parties;
- complaints will only be dealt with by the College staff and not by the Board of Directors. The only exception to this rule is where the respondent is the College Principal, in which case the matter should be raised with the President of the Board, who will raise the issue with the College Principal.

5. TYPES OF COMPLAINT

There are two types of complaint within the scope of these procedures.

5.1. Complaints about a person

A complaint may be made about the behaviour of:

- a student at the College;
- a parent;
- a member of staff; and/or
- people external to the College with whom students or staff interact as part of a program of study or a co/extra curricular activity.

Complaints under this category may include, but are not limited to: reports of conduct under the College's Child Protection Policy and Procedures; ethical and integrity issues; conflicts of interest; misconduct; reportable conduct; fraud; bribery; dishonesty; favouritism; discrimination; victimisation; vilification; and harassment.

NB: Reports of conduct covered by the Child Protection Policy & Procedures are dealt with under the procedures in that policy.

5.2. Complaints about administration or process

A complaint may be made in relation to administrative issues or processes leading to detriment, including: complaints of mismanagement; unreasonable decisions; inconsistent application of College policy or procedure; denial of procedural fairness and failure to provide rights, or providing incorrect advice.

6. PROCEDURES FOR DEALING WITH COMPLAINTS

6.1 Three Stage Procedure

The College implements a three stage procedure for dealing with complaints:

Stage 1 – Local Process

During this stage the complaint is dealt with at the local level, directly with the person/s concerned in the hope that the complaint will be resolved informally.

The complainant should raise their complaint directly with the member of staff or other relevant person, most directly involved with, or responsible for, the subject-matter of the complaint.

Stage 2 – Central Process

In some circumstances it may be more appropriate for a complaint to be raised and dealt with by a member of the College Executive, who may try and resolve the matter informally or where necessary, initiate an investigation. A complainant may initiate a Stage 2 Central Process, without first undergoing a Stage 1 process.

A complainant who wishes to have his/her complaint dealt with under a Stage 2 process, should lodge the complaint in writing to a member of the College Executive, or the College's Director of People & Culture (if relating to a staff member).

Stage 3 – The College Principal

If the matter still remains unresolved, or in the case of a formal complaint of alleged unlawful discrimination by, or alleged reportable conduct (as defined in the Child Protection Policy), of a member of staff, or relevant other person, the complaint shall be referred to the College Principal by the complainant or other relevant person.

Where a complaint involving a serious grievance or unlawful discrimination by a student or staff member is upheld, the College Principal will take disciplinary action against the respondent. The disciplinary action may vary depending upon the circumstances. Where such a complaint against a parent is upheld, on more than one occasion, or is of a very serious nature, the parent may be asked to remove their child from the College.

6.2 Form of the Complaint

6.2.1 Complaints must be made in writing and should include the following information:

- the complainant's name and contact details;
- details of the specific matter, incident or issue the subject of the complaint;
- if the complaint is about a person(s), the identity of the respondent (person(s) being complained about) and his/her relationship to the complainant;
- the complainant's preferred method for dealing with the complaint (ie informal or formal);
- the remedy/outcome the complainant seeks; and
- any action already taken by or on behalf of the complainant, seeking to resolve the issue.

6.2.2 If the complainant does not make the complaint in writing, the College may proceed on the basis of its understanding of the complaint expressed in writing to, and confirmed in writing by, the complainant.

6.2.3 Where a complainant is uncomfortable with raising the complaint with the member/s of staff most directly involved, the complaint can be made through a support person.

6.3 Informal Resolution of Complaints

6.3.2 The member of staff, who is managing the complaint, will aim to resolve the complaint as quickly as possible, using informal processes.

6.3.3 To help reach a mutually acceptable outcome, a meeting may be held to discuss the complaint.

6.3.4 A support person may be brought to the meeting by the complainant.

6.3.5 The member of staff to whom the complaint is notified, will:

- read the complaint and/or listen to the complainant's concerns and their desired outcomes;

- provide the complainant with a copy of this document, explaining the grievance procedures and the range of options open to him/her;
- inquire into the matter providing all parties with an opportunity to be heard, including informing the respondent of the allegations made against them and providing them with an opportunity to respond;
- keep all those involved informed about the progress of the matter; and
- monitor the situation during and after the resolution process.

6.4.1 Investigations

- 6.4.1.1** The purpose of an investigation of a complaint is to establish and document relevant facts, reach appropriate conclusions based on the available evidence, and determine a suitable response. - register and acknowledge receipt of the complaint, within three working days;
- clarify the complainant's issues, consulting with the complainant and other parties where necessary;

- explain the complaint handling process, to the complainant or refer them to this policy;
- consider whether the complaint requires or warrants referral due to its subject matter;
- confirm with the complainant that the complaint has been fully understood;

6.4.4.2 If the complaint is upheld in whole or in part, then, depending on the nature of the complaint, the following are some possible outcomes:
